Program Summary

As the lone locally elected official designated with representing East Portland, Commissioner Jessica Vega Pederson takes her responsibilities to serve this marginalized part of our region very seriously. The Commissioner's top priorities include finding solutions to the disparities and inequities affecting District 3, as well as low income and communities of color generally, such as: the lack of transportation options, including transit and sidewalks; accessible and affordable early childhood education; mitigating the impacts of climate change and pollution on front line communities; and affordable housing. To best work on these priorities, Commissioner Vega Pederson serves as the County's representative at various regional transportation tables, chair's the County's Preschool for All task force, and has championed the County's efforts to combat climate change and pollution.

The Commissioner represents the County on several transportation committees, including the Joint Policy Advisory Committee on Transportation. She serves on the TriMet Transit Advisory Committee, advocating for expanded service to east Portland, as well as converting the TriMet fleet to electric buses. She also co-chairs the Earthquake Ready Burnside Bridge feasibility project, which aims to create a resilient lifeline crossing over the Willamette River in the event of a major earthquake.

Knowing the importance of early learning, Commissioner Vega Pederson chairs the County's Preschool For All task force, which is exploring expanding preschool access across Multnomah County for the thousands of children in our community who are not currently being served. The Commissioner also serves on the Portland Children's Levy allocation committee, which awards nearly \$19 million annually in programs touching on early childhood, hunger relief, mentorship, after school activities, child abuse prevention and supports for foster kids.

Lastly, Commissioner Vega Pederson is the County's liaison to the Advisory Committee on Sustainability and Innovation, which provides guidance to the County on sustainability issues affecting our community, the environment, and the economy. She sponsored the 100by50 resolution, putting the County on the path to being 100 percent renewable by 2050 and has fought to reduce diesel pollution.
