**Executive Summary**

The Behavioral Health Division is responsible for providing oversight and coordination for behavioral health crisis services, which include a 24-hour, 365 day a year behavioral health crisis response system. This system addresses the need for immediate engagement via the call center, a 24/7 mobile crisis outreach program and a 7 day a week crisis walk-in clinic that services every member of Multnomah County. Creating and providing equitable crisis services are prioritized both in terms of creating a diverse workforce and in addressing disparities related to access and outcomes for BIPOC, LGBTQ and other marginalized and/or underserved communities. These values will continue to be prioritized in FY22.

**Program Summary**

The behavioral health crisis system in Multnomah County is comprised of several interconnected services that address the acute mental health needs of its community members. These services include: the Multnomah County Call Center - a 24/7, 365 day/yr mental health crisis and resource referral line; Project Respond - a mobile outreach crisis response team; and the Urgent Walk-In Clinic (UWIC)

The Urgent Walk-In Clinic (UWIC) is a clinic based service contracted with a community-based organization that provides crisis evaluation, triage, and stabilization on a walk-in basis and is open 7 days a week. The UWIC is the only service available to indigent clients in crisis in Multnomah County with immediate access to a psychiatrist or psychiatric mental health nurse practitioner for medication evaluation and treatment. It connects clients with resources that help pay for medications, housing, and transportation. Peer services are also available.

Program Offer 40069A reduced operations at the UWIC limiting psychiatry services offered on weekends - affecting approximately 700 clients over the course of the fiscal year. This program offer restores UWIC services to FY21 operations.
