

**Department:** Community Services

**Program Offer Type:** Existing Operating Program

**Related Programs:**

**Program Characteristics:**

**Program Contact:** Jim Clayton

**Program Offer Stage:** As Adopted

**Executive Summary**

The County Surveyor's Office provides maintenance and restoration of public land survey corners, reviews and files surveys and land division plats, provides survey records to the public, and provides survey support to other County programs and local agencies.

**Program Summary**

The County Surveyor's Office provides several services, some of which are mandated by state law.

Mandated functions (required by state statute) include:

- Maintenance and restoration of public land survey corner monuments under the Public Land Survey System. The maintenance and restoration of these corners are critical in ensuring the integrity of property boundaries within the County because all property descriptions within the State are either directly or indirectly tied to public land survey corners.
- Review, filing and indexing of survey records. All surveys that set permanent monuments (property corners, etc.) within Multnomah County are required to be filed with our office. State statutes require that we review these surveys and file and index them in the County Survey Records.
- Review and approval of land division plats (subdivisions, partitions, and condominiums). Comprehensive reviews of all land division plats within the entire County are performed by our office to ensure accuracy and compliance with state statutes and local ordinances. Work closely with local planning jurisdictions (cities and county), developers, property owners and land development professionals on project reviews.
- Provide institutional transparency through public access to survey records. We maintain a robust online records retrieval system that is widely used by the public and is essential for providing information required by land surveyors, developers, the title industry, planning jurisdictions and others.

Other functions include:

- Provide surveying support for capital improvement projects on county roads and bridges. Current projects include the NE 238th/242nd Drive Improvement Project.
- Provide surveying support for County departments and local agencies. The program provides ongoing support to Road and Bridge Engineering and Road Maintenance for various projects (other than CIP).
- Provide surveying expertise to County and local agencies. Answer questions and provide assistance to the public regarding property boundaries and other property related issues.

**Performance Measures**

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	Number of public land corner visits performed	103	100	100	100
Outcome	Percent of plats reviewed within 21 days	97.6%	95%	95%	95%
Output	Number of plats reviewed for approval	127	150	150	150
Output	Number of images added to SAIL website	1,049	1,000	1,100	1,000

**Performance Measures Descriptions**

The Surveyor's Office performs regular maintenance on over 1,000 public land survey corners on a 10 year cycle, addressing other work on these corners as needed and approves all land division plats in the County. Our goal to review plats within 21 calendar days of submittal represents an ambitious timeline that allows projects to move forward quickly. The Surveyor's Office makes survey-related records available to the public on our SAIL website, adding new images weekly.

## Legal / Contractual Obligation

The County Surveyor position is mandated by state statute. The duties of the County Surveyor are mandated by ORS Chapter 209, including those related to Public Land Corners. Plat review and approval are mandated by ORS 92.100 and ORS 100.115. Certain work regarding County roads is mandated by ORS 368.

## Revenue/Expense Detail

	Adopted General Fund	Adopted Other Funds	Adopted General Fund	Adopted Other Funds
Program Expenses	2022	2022	2023	2023

<b>Total Revenue</b>	<b>\$0</b>	<b>\$4,787,919</b>	<b>\$0</b>	<b>\$5,300,439</b>

## Explanation of Revenues

This program generates \$229,237 in indirect revenues.

The County Surveyor's Office is self supporting. All revenues are from user fees or charges for services. Maintenance and restoration of Public Land Corners make up the largest part of our program. Other/Misc Revenue consists of a fixed filing fee of \$475 per map filed in the survey records, a fixed recording fee at \$10 per recording of a property related deed document, and Offset Project Overhead Revenue collected from working for Transportation Capital projects. Interest is an estimate of interest revenue earned on the BWC of \$3.4M at the beginning of FY 2023. Service Charges reflect funds collected for the review of Condominium, Partition, and Subdivision plats, which are based on actual costs incurred.

## Significant Program Changes

Last Year this program was: FY 2022: 90012 County Surveyor's Office

No significant changes for FY 2023.
