

The Cigna PPO 400 Plan's Chronic Condition Benefit can help reduce cost barriers to managing your care.

The Chronic Condition Benefit covers specific services with no deductible or office visit copay when you see an in-network provider.

What's Covered?

In-network office visits with a diagnosis of any of the following conditions:

- Asthma
- Diabetes
- Heart disease
- High cholesterol
- High blood pressure
- Mental health conditions
- Chemical dependency

These in-network routine labs related to your diagnosed chronic condition:

- Diabetes A1C
- Cholesterol/Lipid panel

Make your chronic condition visit appointment today.
