

OKTAK IN ARMIJ RO ILO KATAK KO AN WĀ EO AN COVID-19

062421 MARSHALLESE

Wāween an kar teej wā ko

Aoleb wā ko, ekoba wā ko an COVID-19 rekāāl, rej bed ilo elōñ katak im etale ko (etañin katak in uno) ñan loloorjak ke rej letōk kejbarok, rej jerbal, mokta jen aer lelok ñan aoleb armij.

Aurōk bwe katak in uno ko ren koba kumi in armij ro roktak. Rikatak ro rej aikuj joñan melele ko ebwe joñauer ñan loloorjak ke wā eo ej letōk kejbarok im ej jerbal ñan aoleb kumi ko. Elukkun lab an aurōk mennin kin COVID-19 kinke jukjukinbed ko armij ro rejab mouj kilier emōj an lab aer jelōt jen nañinmij in im wā ko remaron jibañ an jukjukinbed kein wōnmaanlok.

Rej ke teej ibben armij ro rej einwōt na?

Emaron wōr am abnōnō ko elañe wā ko an COVID-19 rar teej ibben armij ro rej jen bar lal eo am ak ñe ewōr aer abnōnō in nañinmij in ejmour einwōt kwe.

Elañe kwe juon armij eo ejab mouj kilin, kwōmaron inebata in bōke wā kein. Emool kalijeklok ko rej walok ikijen taktō ilo tōrre ko maanlok im kiō. Kwōmaron lomnak elañe kwōmaron lōke wā kein im jikin jerbal ko rar kōmmani im rar kōmman an jukjukinbed eo am jab lōke er tōrre ko maanlok.

Bar kōmman an wōr Lōke

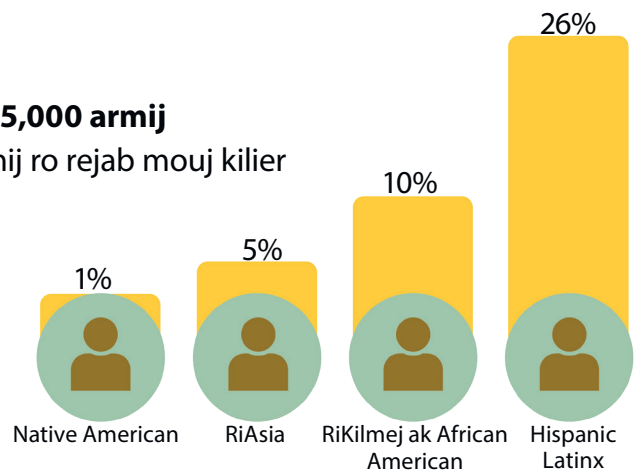

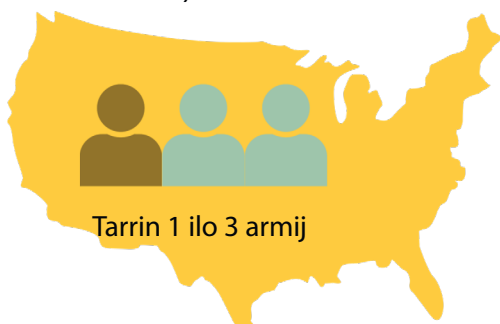

Emōj an wā ko jilu webben iomwin kakien ñan Kōjerbal ilo len Idin Jorren (EUA) jen obij eo ej bōk eddon kakien mōñā im uno (FDA) ñan kōjerbale ijin ilo Amedka – Pfizer/BioNTech, Moderna im Johnson & Johnson. Elablok jen buki wā ko jet rej bed ilo ien kōmman ko roktak ibelakin lal in. Reñaj kōmelim ñan jeklaj.

Ñan wā ko an COVID-19, rikatak ro rar lukkun kōmadmōd ñan bar kōmman an armij in jukjukinbed ko lōke er im rar boktak armij ro oktak lal ko aer ñan katak ko aer. Rar kobaiki armij ro oktak lal, joñan yiō, im bareinwōt nañinmij in ejmour ko aer. Katak kein rar jemlok ilo an lablok oktak in armij jen katak in wā ko jet ilo tōrre ko maanlok. Oktak in armij ro rar bōk kwōnaer ilo katak ko ej einwōt aoleben armij ro ibelakin Amedka.

Katak ko an wā eo an Pfizer

Aoleben joñan armij ro ilo katak ko ilo len 3 – tarrin 45,000 armij

Tarrin 30% in armij ro rar bōk kwōnaer ilo Amedka rej armij ro rejab mouj kilier (44% ibelakin lal in).

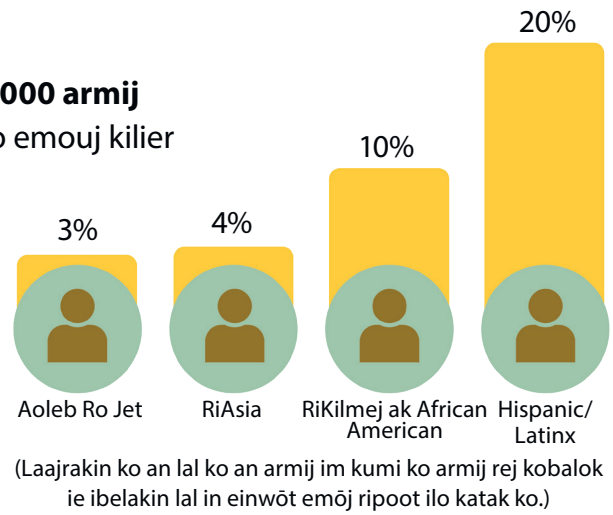

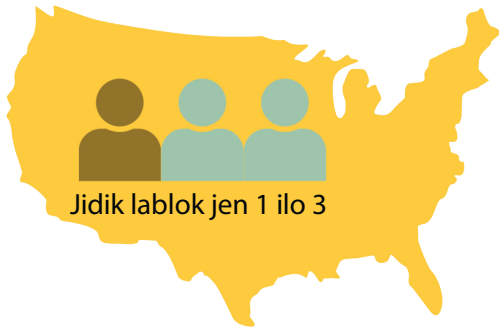

(Laajrakin ko an lal ko an armij im kumi ko armij rej kobalok ie ibelakin lal in einwōt emōj ripoot ilo katak ko.)

Tarrin 46% ekkar wōr jab diklok jen juon aer nañinmijin taktō ear kōlablok uwōta ñan aer bōk nañinmij in COVID-19 kauwōtata, ekoba: kileb, toñal, im nañinmij in ār ej wōnmaanlok. Armij ro rar bōk kwōnaer rar joñan yiō 12 ñan 56+.

Katak ko an wā eo an Moderna

Aoleben joñan armij ro ilo katak ko ilo len 3 – tarrin 30,000 armij

37% in armij ro rar bōk kwōnaer rar kwalok ke rejab armij ro emouj kilier

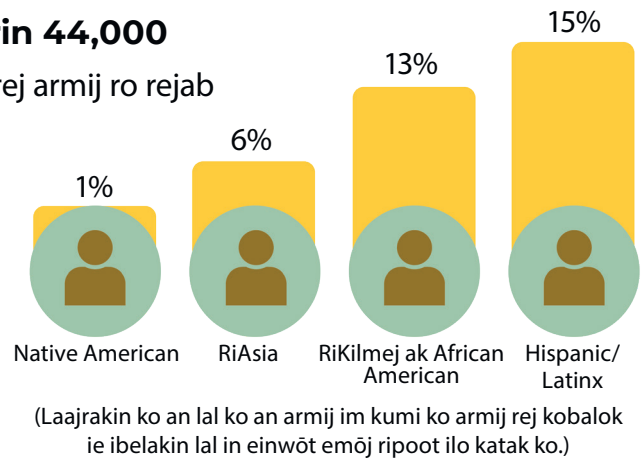

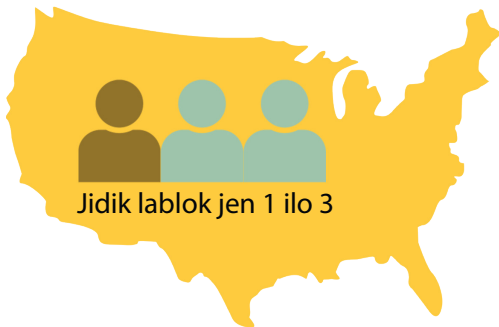

Tarrin 22% in armij ro rar bōk kwōnaer ekkar wō jab diklok jen juon aer nañinmij in taktō ej kōlablok uwōta ñan aer bōk nañinmijin COVID-19 kauwōtata, kileb, nañinmij in menono, nañinmij in ār ej wōnmaanlok, im nañinmij in āj.

Armij ro rar bōk kwōnaer ilo katak eo rar joñan yiō 18-65+.

Katak ko an wā eo an Johnson & Johnson

Aoleben joñan armij ilo katak ko ilo len 3- tarrin 44,000

35% in armij ro rar bōk kwōnaer ilo Amedka rej kalikar ke rej armij ro rejab mouj kilier (76% ilo aoleben lal in)

Tarrin 41% in armij ro rej bōk kwōnaer ear wōr ejab diklok jen juon nañinmij in ejmour ibbeir ej kōlablok uwōta ñan nañinmij in COVID-19 kauwōtata ekoba lab joñan aer in bōtōktōk, toñal, im kileb.

Armij ro rar bōk kwōnaer ilo katak eo rar joñan yiō 18 ñan 65+

Aoleb wā ko jilu emōj kōmelim rej letōk kejbarok im ejejjet aer jerbal. Einwōt aoleb wūno ko jet, ro ewōr aer kabel kin taktō rej woñmaanlok in lale jabdewōt abnōnō ko remaron walok ikijen kejbarok kin wā kein. Rej kōmmame mennin ilo juon kein jerbal in ripoot kejbarok etanin V-Safe. Ilo wāween in remaron loe im lale abnōnō ko elukkun lab aer jejā ilo ien aer lelok wā ko ñan milien armij.

Wā ko rej jibañ kejbarok kwe im bōbrae an ajeeded COVID-19. Kim ej rōjañ am bōke wā eo an COVID-19 ilo ien eo wōt kwōmaron.
