Children and Families

- Strengthen federal family leave policies in order to support children and families, as well as the economy.

Affordable Housing

- Protect the National Housing Trust Fund and the decision of the Federal Housing Finance Agency to set aside revenues for the trust fund.

Prevention Investments

- Support “Pay for Success” policy initiatives by assuring access to start up funding and technical assistance necessary for success.

Infrastructure

- Support continuation of the Highway Trust Fund including stand-alone funding for bridge maintenance and repair and reauthorization of the TIGER discretionary grant program.
