  - Moved “Recording Client Income in ServicePoint” to Appendix I, “History of Homelessness Questions” to Appendix II, “Housing Programs Available to HYC Clients” to Appendix III, “Stability and Tenure of Housing Destinations” to Appendix IV, and “Follow-up Guidelines by Housing Program” to Appendix V.
  - Updated Exit to include “Continuum Agency” question in Section V.
  - Updated Follow-ups to include Sections I, II, and III.
  - Updated “Transfer A Client to Another HYC Agency” instructions to reflect the new location of the transfer assessment (Interims icon).
  - Updated Table of Contents.
  - Various changes for readability.
**HOMELESS YOUTH CONTINUUM PROGRAM MODEL**

The Homeless Youth Continuum is a collaboration of four partner agencies: Janus Youth Programs, Native American Youth & Family Center, New Avenues for Youth, and Outside In. Together these agencies provide a unified system of support and services necessary to build protective factors, promote developmental outcome attainment, and achieve lasting, long-term impact in the lives of homeless youth. Through an integrated network of safety services, recovery support, Assertive Engagement, and various housing options, youth are connected to the larger community and build the skills and assets necessary for self-sufficiency.

ENTERING AN HYC CLIENT IN SERVICEPOINT

- After clients sign an HYC Release and a Data Sharing release for their household, add ROIs to each household member’s ServicePoint profile. Adjust visibility padlocks as indicated by the Data Sharing release.
- Each client who participates in services must have a program entry.
- Click the check box next to household members’ names to include in an entry. Click on their name in the left-hand pane to add entry data for each household member.

2. TRANSACT ROI

Required for ALL Household Members included in Program Entry

After clients sign a HYC Release for their household, add the Parent and HYC level ROI to all household members.

Only one HYC Release and Data Sharing Release needs to be signed per household, but it needs to be transacted in SP under multiple SP providers, including the Parent provider (also known as your Login Provider) AND all of the SP providers associated with the program they are participating in.

- Download Client Consent forms here: https://multco.us/file/65978

Enter HYC ROI under Head of Household

In the client profile/Summary tab of the Head of Household, click on the “Add ROI” button in the Release of Information dashlet

![Release of Information](image)
Check off all household members who were included on the Client Consent to Release of Information for Data Sharing in Multnomah County form.

**Household Members**

To include Household members for this Release of Information, click the box beside each name. Only members from the SAME Household may be selected.

When successfully transacted, it should look like this under the ROI tab. You may choose to attach the signed HYC ROI by clicking on the image of the binder clip (optional).
CLIENT CONSENT TO RELEASE INFORMATION FOR DATA SHARING IN MULTNOMAH COUNTY - ADDING ALL MULTNOMAH VISIBILITY TO A CLIENT’S RECORD

In addition to HYC Data sharing, if an existing/returning client signs ‘Yes’ to the Consent to Share Data release, the ‘ALL MULTNOMAH Visibility’ Group must be added to their profile. This will make their client profile visible to all participating agencies. Historical data within their profile (program entries, services, etc.) will continue to follow historical visibility settings.

Click the padlock in the upper right corner of the client’s profile

Click ‘Add Visibility Group’

Search for the ALL MULTNOMAH Visibility Group

Click the green plus sign next to the ALL MULTNOMAH Visibility Group

Click Exit to finish

* Email or call the ServicePoint Helpline if you see there are other ROIs transacted for the household already and you are unsure what to do: 503-970-4408 or servicepoint@multco.us
### 3. CLIENT PROFILE

RECORDING HYC SERVICE TRANSACTIONS

- Services can be summed by category and entered at the end of each month.
- To qualify as ‘Assertive Engagement Services,’ there must be an AE staff* working with an AE Youth (regardless of agency).
- Code the service as ‘Other Supportive Services’ if a Non-AE staff is working with an AE youth, or an AE staff is working with a Non-AE youth.
- For STRA and other City-funded housing programs, consult City guidelines for how to record service transactions.

*All agencies participating in the Homeless Youth Continuum employ staff who are certified in Assertive Engagement, except Janus.

RECORDING AN HYC AE ASSESSMENT

During their involvement in the Continuum, clients may receive Assertive Engagement services. At that point, an Assertive Engagement Assessment must be entered in their ServicePoint profile to mark the start date of those services.

Youth may have more than one AE Assessment during their time in the Continuum. The need for a re-assessment is determined case-by-case based on how long the client has been inactive or whether significant life changes warrant a re-assessment.

To Record an AE Assessment:
1. Go to the Assessments tab of the client’s profile
2. Select ‘DSCP - HYC Assessment and Assertive Engagement’ from the drop down menu, then click ‘Submit’
3. Click ‘Add’ under ‘Assertive Engagement History’

At AE Entry:
1. Assertive Engagement Date = AE Start date
2. Choose AE Agency from menu
3. Save and Exit

At AE Exit or Transfer: Use pencil icon to edit existing AE assessment
1. Enter AE End date
2. Choose Reason for Leaving from menu
3. Answer all 7 outcome questions
4. Save and Exit
TRANSFERRING A CLIENT TO ANOTHER HYC AGENCY

THE ORIGINAL/TRANSFERRING OUT HYC AGENCY MUST:
1. Go through the Entry/Exit tab of the client’s record.
2. Click on the Interims icon.
3. Click on the Add Interim Review button.
4. Choose “Update” as the Interim Review Type.
5. Review Date is the date client was transferred to the new agency. Click Save & Continue.

6. Select “DCSP HYC Agency Transfer” from the list of available assessments.
7. Select the HYC Agency to which the Client is transferring.
8. Enter Agency Transfer Date
9. Enter the date of the last night client spent in shelter, if applicable. Click Save & Exit.

When transferring a client engaged in Assertive Engagement, don’t forget to enter an end date and answer the additional seven questions at the bottom of the AE Assessment. See bottom of page 8.

If administering Assertive Engagement services, the receiving HYC Agency should record a new AE Assessment in the Assessments tab upon transfer of client. See top of page 12.

ENTERING HYC DATA INTO SHELTERPOINT

ShelterPoint is ONLY used by Porchlight, Streetlight, Girls Transitional Housing, NAFY On-site Transitional Housing, HYC HP, HYC RRH, Pathways Mental Health and Runaway Shelter (Harry’s Mother)

• Clients must be created in ClientPoint and have an entry in a main HYC provider before being entered in ShelterPoint.
• Start by clicking the ShelterPoint button on the left side of the ServicePoint screen.
• Select appropriate ShelterPoint provider from the provider list. (See Appendix III for provider guidelines.)

* NAYA uses the ClientPoint module to record housing nights, instead of ShelterPoint.*

CHECKING A CLIENT IN

_clients can be checked in through ‘Client Check In,’ ‘Express Check In,’ or ‘View All’_

1. Choose an available bed, indicated with this icon: 
2. Search for client
3. ‘Date In’ defaults to data entry date *Remember to change to check-in date.*
4. Check off all family members who will also be staying in shelter
5. Save and exit

CHECKING A CLIENT OUT

_clients can be checked out individually through ‘View All,’ or check out multiple clients with the same exit date using ‘Transmit Today’s Check Out List’_

1. Use the red – (minus) sign next to the client name to remove them from the room/bed.
2. Check off all family members who are also exiting shelter/housing
3. Answer Date, Reason for Leaving, and Destination
4. ‘Date Out’ defaults to data entry date *Remember to change to check-out date.*
5. Save and exit

RECORDING HOUSING MOVE-IN DATE (HMID) or ANNUAL ASSESSMENT

When a household has been placed in permanent housing, update the Housing Move-in Date using the following steps. Do NOT pencil back into the program entry to update this field.

1. Click on the Entry/Exit tab in the Head of Household’s profile

2. Click on the icon in the ‘Interims’ column

3. Click the ‘Add Interim Review’ button

4. Click to include all household members

5. Choose ‘Update’ for Interim Review Type*

*When completing an Annual Assessment, choose Annual Assessment for the Interim Review Type

6. Set ‘Review Date’ to Housing Move-in Date or to anniversary date for Annual Assessment

7. Click ‘Save & Continue’

8. Fill in or update the ‘Housing Move-in Date’

9. Click on each household member and repeat step 8. HMID for children should match date for head of household

When steps above are Completed, click on ‘Save & Exit.’

When completing an Annual Assessment, follow the same steps as above, but DON’T edit the Housing Move-In date, DO review and update the rest of the assessment.
APPENDIX I: HYC HOUSING PROGRAMS

There are 15-20 housing programs associated with the Homeless Youth Continuum. Each one has similar program entries, services, exits and follow up questions. The chart below shows the supplemental questions, service types and follow up schedules for all of the HYC housing programs.

- Except where otherwise noted, all housing programs use the standard HYC entry and exit assessments.
- Record an ROI row for the housing program; use the same answers that were used for the initial ROI.
- HYC entry answers should be reviewed and updated; supplemental entry questions for specific housing programs should be answered.
- Some housing programs will need to follow the Housing Move In Date (HMID) workflow.
- Some housing programs will need to complete Annual Assessments for their clients.

APPENDIX II: RECORDING CLIENT INCOME IN SERVICEPOINT

- Each client’s record should store their entire income history. **Never update a client’s income by deleting or writing-over the answers in an existing income record.**
- Each income source should have a Yes/No response. The same is true for Benefits, Disability and Health Insurance types.
- New program entries pre-fill with income data from previous entries. If the income data that pre-fills is not accurate for your point in time, **end date it and add a new/updated income.**
- When completing an annual review, record changes through the ‘Interims’ icon. Do not change answers in Program Entry.

**Follow the process below to record client income at Entry, Interims, and Exit:**

**STEP 1: Answer ‘Income from Any Source’** (Update existing answer if necessary)

**STEP 2: Record Income using HUD Verification**

- **Are there active income lines for EACH income source?**
  - Yes → **DONE**
  - No → **Click to create ‘Yes/No’ responses for all income sources**

- **Are they still accurate?**
  - Yes → **DONE**
  - No → **Add Income**

**ADD INCOME**

1. **Click**
2. Leave Start Date as Default (date of entry, Interim, or exit)
3. **Select Source of income**
4. Monthly Amount is $ amount from this source
5. Leave End Date Blank
6. Save /add another and/or Exit

**Note:** Follow the same process when recording Non-cash Benefits, Disabilities and Health Insurance

**ENDING INCOME**

1. **Click the pencil next to outdated income**
2. Leave Start Date, Source, and Amount unchanged
3. **End Date = the day before** Entry/Interim/Exit
4. Save and Exit
APPENDIX III: HUD VERIFICATION

Answering HUD Verification Questions for New Participants

Your program’s Entry may include the following questions:

- Health Insurance
- Disabilities
- Monthly Income
- Non-Cash Benefits

Though these four questions each have different answers available to choose from, all function the same way. This type of question has two parts to answer:

1. Answer the Yes/No question that sits above the HUD Verification.

2. Click HUD Verification, which opens the next window.

3. Select the “No” link. All of the answers in the bottom section will shift to “No”.

4. Carefully review the list of answers. If one of the answers applies to the participant, shift the answer on that one line to a “Yes”.

If you answer “Yes” to an Income Source for the Monthly Income question, an additional box will pop up. See Step 5 below.

Otherwise, click Save & Exit.

5. Enter the amount of that Income. Enter an approximate amount if necessary.

Record all income received in the 30 days prior to intake, but only if it that income will be continuous and ongoing.

Click Save.

Revised August 2021
Continue answering the remaining Entry questions.

When you’re done answering questions for the Head of Household, remember to click Save, then scroll back to the top of the entry window and click on the names of any other household members included in the entry to complete their assessments.

**UPDATING HUD VERIFICATION QUESTIONS FOR EXISTING PARTICIPANTS**

If you are answering the HUD Verification questions for a participant who already exists in ServicePoint, there’s a good chance that these type of questions (health insurance, disability, income, non-cash benefits) have already been answered at least once. ServicePoint will display all previously recorded answers as long as they are ongoing. This means that no one has entered an “End Date” for the answers you are seeing.

In order for you to update a HUD Verification question that has already been answered, you must enter an End Date for each previously recorded answer that is no longer correct. Then create a line for each new correct answer; new answers should be dated with the date of your new entry or annual update.

**EXAMPLE:** Last year, a youth and her child completed the intake process for a program on 01/01/2017. A couple days later, her advocate created a program entry in ServicePoint using the intake date as the entry date. The advocate answered all of the questions required by ServicePoint in the program entry, including all four of the HUD Verification-type questions (Health Insurance, Disability, Monthly Income, and Non-Cash Benefits). At the time the advocate completed her intake, the participant did not have health insurance.

Notice how each of the individual answers within the HUD Verification-type questions has a Start Date of 01/01/2017 (the same as the participants’ entry date). Because the advocate recorded these answers from within the program entry dated 01/01/2017, the Start Date for each answer defaults to the entry date. (Don’t change it.)

**TIP:** After completing a HUD Verification, click on the magnifying glass icon to expand the HUD Verification box and see all of your answers at once!
A year later, the same participant completed an intake for a new program. A couple days later, her advocate creates an entry for the new program, using the new intake date (01/01/2018) as the program entry date.

Sometime in the last year, the participant acquired health insurance through the Oregon Health Plan. Yay! The HUD Verification question about Health Insurance in the new program’s entry pulls the “No” answer from the last time this question was answered, just like all other questions in ServicePoint. Flip the answer in the first part of the question from a “No” to a “Yes”.

Click on the magnifying glass icon to review each of the individual answers within the HUD Verification.

**Tip:** The **Start Date** shows the date of the entry wherein each answer was created.

OHP is recorded in ServicePoint as “MEDICAID”, so this is the line that must be updated to reflect that the participant now has health insurance.

Click on the pencil icon in line with this answer to edit.
The **Start Date** tells you the date of the entry wherein this answer was created. When the answer was created on 01/01/2017, “No” was the correct answer to the question “Covered?” for “MEDICAID”.

But as of 01/01/2018, “No” is no longer a correct answer. Document this change by entering an **End Date** for the “No” answer. The date “No” stopped being correct is the date the participant first acquired health insurance; however, the participant isn’t expected to remember that date, and the advocate is not expected to record it.

But the advocate does know that on the date the participant completed the intake for the new program, she had OHP. The advocate is only responsible for reporting what is true as of the **Entry Date**. So, use the date of the day before the program entry as the **End Date**.

In this example, the **Entry Date** for the new program is 01/01/2018, so the **End Date** is 12/31/2017.

After entering an **End Date**, click **Save**.

The **End Date** now appears in line with the “No” for the MEDICAID answer.

The next step is to document an ongoing “Yes” for MEDICAID as of the date of the new program entry. Click the **Add** button.

1. The **Start Date** defaults to the date of the Program entry. **(Don’t change it).**

2. Health Insurance Type is MEDICAID.

3. Covered? Is “Yes”.

   LEAVE END DATE BLANK.

   Click **Save**.
A correctly updated HUD Verification question should look something like this:

A HUD Verification question that correctly captures a change in a participant's circumstances may have multiple lines with **End Dates**, but should have only one ongoing line per answer, whether “Yes” or “No”.

When you're done answering entry assessment questions for the Head of Household, remember to click **Save**, then scroll back to the top of the entry window and click on the names of any other household members included in the entry to complete their assessments.
APPENDIX IV: HISTORY OF HOMELESSNESS QUESTIONS

The Residence Prior to Project Entry question has been divided into three categories of living situations: Homeless; Institutional; and Transitional and Permanent Housing. "Interim Housing" has been added to the list of options categorized under Homeless Situation. Per HUD, Interim Housing is defined as…

"Interim housing is not a type of housing but rather a housing situation where a chronically homeless person has: applied for permanent housing, has been accepted, a unit/voucher for permanent housing has been reserved for them, but for which there is some other situation that prevents them from moving immediately into housing (e.g. apartment getting painted, old tenant moving out, has a voucher but is looking for the unit, etc.). In such cases, where it has been determined to be absolutely necessary that to keep the client engaged and moving towards housing a temporary solution must be utilized and transitional housing is used the client should then be identified upon move in to the permanent house as coming from “interim housing”.

The screen shot below is a list of all the options for each living situation

Since HYC is a coordinated assessment based continuum, this change will only affect the screening assessment and Runaway Youth’s assessments. Those projects have been updated in ServicePoint to use the 3.917B Living Situation – Entering all projects (except SO, ES, or SH) assessment.

The responses to “Residence Prior to Project Entry” and “Length of Stay in Previous Place” will determine the number of required questions. The data elements have been carefully constructed to apply the logic appropriate to the client’s responses in order to avoid asking for information which is irrelevant or inappropriate.

a) **Homeless Situation** - If the client came from a homeless situation, then the chronically homeless questions will appear. All questions must be answered.
b) **Institutional Situation** – if the client came from an institutional facility, the client can be considered literally homeless if they stayed in the institution less than 90 days AND was previously living on the street, ES, or SH. If they stayed in the institution for more than 90 days they cannot be considered literally homeless.

If the clients stayed in an institutional location for **less than 90 days**, two additional questions, “Did you stay less than 90 days?” (pre-populated with an answer) and “On the night before did you stay on the streets, ES or SH?” will be required. The pre-populated answer is based on the response to Length of Stay in Previous Place and cannot be changed.

If the clients stayed in an institutional location for **more than 90 days**, an additional question, “Did you stay less than 90 days?” will be pre-populated with an answer. The pre-populated answer cannot be changed.
c) **TH, PH, Don't Know, Refused, or Data not collected** – if a client came from a TH or PH housing or answered Client doesn't know or Client refused then the “Length of Stay of in Previous Place will determine the additional questions.

If the client was in housing **less than 7 nights**, two additional questions, “Did you stay less than 7 nights?” (pre-populated with an answer) and “On the night before did you stay on the streets, ES or SH?” will be required. The pre-populated answer cannot be changed.

If client was in housing **7 nights or longer**, the question, “Did you stay less than 7 days?” will be pre-populated with an answer. The pre-populated answer cannot be changed.

Conventions Regarding Use of Participant Names in Communication and Documentation

The Homeless Youth Continuum (HYC) strives to utilize the each participant’s preferred name and pronoun in all verbal communications.

For a variety of reasons, when communicating in writing we may need to use legal names as well as preferred names. This recognizes that youth present with different names (and at times pronouns) in the different HYC spaces. The HYC supports participants to access programs and resources that require use of legal names such as entitlement and benefit programs - SNAP, OHP, and Social Security Office. Each HYC agency must keep service records in a participant’s legal name until a legal name change is confirmed.

Based on the complexity of our system of care and the range of uses of names in our work, we have agreed to naming conventions related to our professional, cross-agency communication regarding HYC youth participants. The e-mails to HYC partners (Continuum list serv) are for internal HYC use only.

Service Point:
• Service Point (screening and subsequent documentation) documents legal name in the name fields.
• The Alias field can be used to capture preferred name, street name(s), other aliases, and reference to ‘former name’ as applicable.
• Service Point name fields can only be changed after documentation of legal name change is received. Primary referral agency should update this information in Service Point. Documentation of legal name change should be retained in client record by Primary referral agency.

Emails and Incident reports in HYC:
• Subject line – Only use initials. If applicable, use preferred name initials with legal name initials in parentheses. e.g. Bruno Mars (Peter Hernandez) would be BM (PH) in subject line.
• Name Fields –
  • Use full preferred first and preferred last name (which may also be legal last name), with full legal first and last name in parentheses.
  e.g. Katy Perry (Katheryn Hudson); Spike Lee (Shelton Lee); or, prior to legal name change, Kaitlyn Jenner (Bruce Jenner)

Correspondence with Youth Participants:
• Correspondence between a program / staff and a participant may include the preferred name unless there is a reason that legal name is also needed (e.g. for record filing purposes).

Legal Name Change:
• The lead agency assigned to the youth will:
  • obtain confirmation of legal name change,
  • make the change in Service Point (move former name to alias in Service Point),
  • e-mail Continuum listserv that legal name change* has occurred so each agency can assist in updating individual agency records.

* If preferred name change, be clear in indicated preferred versus legal name change in e-mail announcements.
