

Quarterly Wood Smoke Report

Advisories Summary

- No advisories were issued in May.
- June's yellow day advisory was the wood smoke program's first advisory driven by high ozone concentrations.
- No violations were issued during Q2.

Advisories issued:

	Yellow	Red
Apr	1	0
May	0	0
Jun	1	0

2021- 2022 Winter Survey Results

A survey conducted in March 2022 received 1118 responses. The survey indicated the ordinance works:

- 82% of annual survey respondents are aware of the woodburning curtailment ordinance.
- Of survey respondents who burn wood, **81% of respondents indicated their wood burning behavior had changed** (burned less) as a result of the advisories.

Air Quality Awareness Week (May)

Multnomah County released webinars, videos, and graphics for the public to share with their social networks in a Shared Air, Shared Action campaign. We spotlighted community stories of activism and care in the work to protect each other and keep our air clean. Learn more [here](#).
