

The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. **NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary.** For more information about your coverage, or to get a copy of the complete terms of coverage, go online at www.cigna.com/sp. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms, see the Glossary. You can view the Glossary at <https://www.healthcare.gov/sbc-glossary> or call 1-800-Cigna24 to request a copy.

Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$1,000/individual or \$2,500/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible?	Yes. In-network and out-of-network preventive care & immunizations, in-network hospice services , naturopathic supplies, hearing aids, massage therapy, chiropractic spinal manipulation	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes, \$300 for prescription medications	
What is the out-of-pocket limit for this plan?	\$6,150/individual or \$12,300/family Combined medical/behavioral and pharmacy out-of-pocket limit	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit?	Penalties for failure to obtain pre-authorization for services, premiums , balance-billing charges, hearing aids for 26 and older, coinsurance for brand medications when generic medications are available and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .

Important Questions	Answers	Why This Matters:
Will you pay less if you use a network provider ?	Yes. See www.cigna.com or call 1-800-Cigna24 for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
