

UX Certification

We invite you to participate in our UX Certification Program. Test your UX knowledge. Add credentials to your training.

- **Watch your inbox** next week for exam information
- **You must pass exams within 35 days** to apply credit from course this week to UX Certification

Details

- After Usability Week, watch your inbox for an email from us. This will be sent to the email address you used to register for Usability Week.
- In the email message, follow the links to the **exams**: One exam for each course you take.
- Exams are online, fair, and take fewer than 30 minutes to complete. Include knowledge and practical questions. Consult your course notes and slides, but no other materials.
- Score 80% or higher to pass, up to 3 attempts, pass within 30 days of receiving the email.
- After you pass the exams for 5 courses, you will be UX Certified! If you pass the exams for 15 courses, you will be UX Master Certified! Then display badges if you'd like.

- If you have taken fewer than 5 of our courses, you must still take exams next week if you are interested in applying your courses toward UX Certification.
- We will track your courses and exam credit. And when you come back to Usability Week (or hire us to train in-house) new credits will be added to the database.
- These do not expire and there is no time window during which courses need to be taken.
- Optional **Specialties** can help demonstrate your expertise in Interaction Design, Mobile Design, Web Design, and UX Research.
