Joel Wendland, Troutdale Police Dept.  
Eric Zimmerman, District #4

#### LPSCC Staff

Abbey Stamp, LPSCC Executive Director  
Lauren Brown, LPSCC Staff  
Christina Youssi, LPSCC Staff

### Welcome, Introductions, and Agency Updates

Subcommittee Co-Chair Rod Underhill welcomed everyone to the meeting and introductions were made.

New members included Becky Bangs from the County's Domestic Violence Enhanced Response Team, Becky Dominguez from Home Forward, Heather Ficht from Workforce Systems, and Roberta Phillips from the County's Office of Diversity and Equity.

Rod Underhill announced that as of 5/1/2014, the DA's Office is revisiting using the Second Look as a plea negotiation option for certain crimes. The Second Look statute allows for revisiting BM11 crime sentences after offender has completed first half of the sentence.

Antoinette Edwards announced that on Saturday, May 3<sup>rd</sup>, there will be a visioning session with the Black Male Achievement Initiative at Self-Enhancement. If interested, contact Antoinette.

### Quantitative Data Collection

Kim Bernard shared the maps showing density of calls for service for shots fired, comparing 2003-2004 with 2012-2014. These maps show shifts in the frequency and geographic focus of calls for service.

After a discussion about how to use the updated list of gangs, it was decided that the final report would include the list along with which gangs were active and their locations, if possible.

**Serving

Agencies in  
Multnomah  
County**

Lore Joplin noted that the report timeline includes presenting a draft report to the Subcommittee at the next meeting (June 5, 2014). The final report will be presented to the LPSCC Executive Committee on July 8<sup>th</sup>.

**Qualitative Data Collection**

Rebecca Stavenjord provided a qualitative data update.

**Surveys**

- 150 Community Resident surveys have been completed
- 100 Community Leader surveys have been completed
- 50 Youth Serving Agency surveys have been completed

The survey participants' demographics mirror those of the County. The top concerns are violence and drugs. Poverty is the top ranking root cause. The narrative responses are being analyzed.

- 50 one-on-one interviews have been completed. Another 15 have been completed with jail inmates.

LEP students have been working on the school surveys and have narrowed the questions down from 8 to 5 pages. The surveys have been distributed to all of the alternative schools. An estimated 100-300 surveys will be completed.

The electronic community surveys are still live. They will close May 16<sup>th</sup>.

**Focus Groups**

There will be 10 focus groups. The first one will be at Helensview on 5/2/14. The focus groups will end by the 3<sup>rd</sup> week of May.

Four questions from the assessment were posed to participants at The Youth Summit Against Violence, resulting in 200 responses from adults and youths.

**Applying the OJJDP Model in Multnomah County**

This document can be used for communication purposes. It was developed to respond to community inquiries regarding the purpose of the assessment. The document describes Multnomah County's approach, which consists of a public health perspective and how the model has been tailored to fit this jurisdiction. The document can be found on the Subcommittee's webpage.

**Discussion & Input on Component Definitions**

*The Definitions of Components of an Integrated Approach* was reviewed. The 4 prongs are Prevention (primary and secondary), Intervention, Suppression, and Reentry. Shared definitions will assist in organizing community resources and will provide the framework for implementation planning.

Participants discussed the definitions and provided input for revisions.

<b><i>Initial Definition</i></b>	<b><i>Revised Definition</i></b>	<b><i>Subcommittee's Revised Definition</i></b>
<p><b><i>Primary Prevention</i></b></p> <ul style="list-style-type: none"> <li>• Strategies that focus on the entire population of high-crime, high-risk communities.</li> <li>• Programs that effectively reduce community risk factors or provide protective factors for community members.</li> </ul>	<p><b><i>Primary Prevention</i></b></p> <ul style="list-style-type: none"> <li>• Primary prevention includes coordinated, comprehensive strategies designed to address core factors that contribute to, or protect against a particular population's exposure to and/or participation in criminal and high risk behavior.</li> <li>• Primary prevention efforts serve to strengthen the capacity of communities to address violence as a health issue in partnership with allies from multiple sectors</li> </ul>	<p><b><i>Primary Prevention (Community &amp; System Level)</i></b></p> <p>Strategies that: <b>REVISION PENDING</b></p> <ul style="list-style-type: none"> <li>• Increase the community's capacity to address violence as a health issue, by collaborating with allies from multiple sectors.</li> <li>• Address core factors that determine a community's exposure to or participation in criminal and high risk behavior.</li> </ul>
