Prior Government Experience:

Director, Centennial School Board; Member, Centennial School District Budget Committee. 30-year federal government career with Bonneville Power Administration, US Department of State, and US Forest Service.

Optional Information:

Pandemic recovery must be the focus of every elected official, including school board members. Students and staff are suffering. I intend to intensify the focus on education recovery over the course of my tenure. Aligning the existing strategy, called Centennial Destination 2023, with pandemic recovery goals and objectives will provide a roadmap to student success. The elements of the strategy, 1) student-focused teaching and learning, 2) healthy culture and environment, 3) effective systems and programs, and 4) community and partnerships, should be used to establish specific goals to address student and staff needs. Aligning the budget with these goals will ensure that the money is most directly used to students' benefit.

Centennial's equity goal - that each and every learner receives the resources they need individually to thrive in our schools no matter what - should guide the board and staff in remedying the inequities that have been exacerbated by the pandemic. I am dedicated to once more making school a constant in kids' lives.

Centennial voters generously passed a bond levy last year. I intend to ensure that bond proceeds are spent prudently and effectively. Centennial school facilities are a big part of our community. The investments will provide improved educational opportunities to our students and better facilities for our staff. I intend to demonstrate that the Centennial School District is worthy of voters' trust.
