Candidate Statement:

I am running for the Centennial school board to bring a parent's voice, and a juvenile advocate's experience to the board, as well work with other board members, parents, and faculty as we move to in person learning during these tough times with Covid-19 in our community. As well, having worked with adolescents in both the delinquency and dependency areas of law, I know the importance of school and helping kids and their parents engage with districts to improve, attendance, graduation rates, and help students and parents succeed in a challenging time such as this.

We know from countless studies, that keeping kids in school is paramount to their further success in life. We also know that the greater engagement from parents with their children's schools, results in their kid's greater success in school. I would like to work with the board, faculty, students, and parents to ensure that we are doing everything we can for students of all socioeconomic backgrounds to succeed not just in school, or to go on to college, but also take

advantage of opportunities in the trades, with mentorships and apprenticeships and other community mentorship opportunities that will bolster a student's success in life.
