

Open House about the new Multnomah County Central Courthouse

Stop by to talk, take a peek at the latest design drawings and meet the project team.

YOU'LL ALSO BE ABLE TO LEARN ABOUT:

- Why we need a new courthouse
- Where the new courthouse will be located
- How public input has shaped design plans
- When construction will start and what the preliminary plans are

The downtown courthouse is on the transit mall, served by many bus and light rail lines. Visit trimet.org to plan your trip.

Attendees with special needs, such as translation assistance, should call 503-209-4111 at least 48 hours in advance.

The public will have an opportunity to comment on the proposed design at the open house and online (after April 20), using our comment form. Visit www.multco.us/central-courthouse for more information about the project.
