<p>Finalize FY22-23 Allocation Proposals (Small Groups)</p>	<p><i>Small Group Leads: Lorne James, Toni Kempner, Michael Thurman-Noche, Julia Lager-Mesulam, Scott Moore</i> <i>Summary of Discussion:</i> See <a href="#">slides 22-25</a>.</p> <p>Emily Borke outlined some key reminders-</p> <ul style="list-style-type: none"> <li>• 75% of funds need to go towards Core Services, 25% to Support Services</li> <li>• Top five service category priorities for FY22-23: <ol style="list-style-type: none"> <li>1. Medical care</li> <li>2. Mental health</li> <li>3. Housing</li> <li>4. Substance use disorder treatment</li> <li>5. Emergency financial assistance</li> </ol> <ul style="list-style-type: none"> <li>○ <i>Note: This doesn't have to be the way that your group comes up with what they want to fund, but this is a good piece of information that these are these five categories that we felt we should give some special attention to.</i></li> </ul> </li> <li>• Part B <ul style="list-style-type: none"> <li>○ Reminder of some additional funds that those service categories get</li> <li>○ We don't make decisions about that funding, but it's good to consider it when you're thinking about where you want to put an increase in funding.</li> </ul> </li> <li>• Think about:</li> </ul>

Item **	Discussion, Motions, and Actions
	<ul style="list-style-type: none"> <li>○ Across the board cost of living increase (how much? and/or do some services not need it?)</li> <li>○ Which categories might need more or less funding?</li> </ul> <p>Aubrey Daquiz reviewed the process for creating small group allocation proposals. The Council then split into small groups for discussion, returning to the large group only briefly before the meeting ended.</p>
Finalize FY22-23 Allocations	<p><i>Presenter: Emily Borke</i>  <i>Summary of Discussion:</i>  See slideshow.</p> <ul style="list-style-type: none"> <li>● Every group has a 5% increase.</li> <li>● Red Group <ul style="list-style-type: none"> <li>○ 3% COLA across the board</li> <li>○ \$63K increase to medical</li> <li>○ \$1K increase to health insurance</li> <li>○ \$3K increase for food/home-delivered meals</li> </ul> </li> <li>● Blue Group <ul style="list-style-type: none"> <li>○ 3.5% COLA across the board</li> <li>○ \$50K remaining to medical</li> </ul> </li> <li>● Green Group <ul style="list-style-type: none"> <li>○ 3.1% COLA across the board</li> <li>○ \$60K to medical</li> <li>○ \$4200 to food/home-delivered meals</li> </ul> </li> <li>● Summary <ul style="list-style-type: none"> <li>○ All proposed across the board COLA (3-3.5%), significant increase to medical (due to priority, significant reallocated funds for several years, and don't receive Part B funds), additional funds to food/home-delivered meals (loss of CARES Act funds and no Part B)</li> </ul> </li> <li>● Discussion <ul style="list-style-type: none"> <li>○ Reason for health insurance- Red Groups noted they were often spending out, but \$1K might not go very far; helps with parity for Clark County- ensure fair funding; with higher COLA, we might not have added it there. <ul style="list-style-type: none"> <li>▪ Q: Oral health and housing also go to Clark County – was there a specific reason for health insurance?</li> <li>▪ A: They do not get Part B like oral health and housing and seem to have received about \$1000 less than previous years.</li> <li>▪ We had mixed sentiments on it, and we might raise the COLA and take the 1000 out of there</li> <li>▪ It's not like we're going to say okay just don't stop paying health insurance and forget about parity. We usually use a reallocation or something to fill in that gap because that's what we have to do,</li> </ul> </li> <li>○ Re: 3.5% COLA- Blue Group was having consensus that cost of living and inflation is becoming more and more of an issue and also we wanted to demonstrate a true commitment to providers. We need to take care of employees in private agencies, because of increased costs, if they are going to take care of clients.</li> </ul> </li> </ul>

Item **	Discussion, Motions, and Actions					
	<ul style="list-style-type: none"> <li>○ Increase to food- Green group noted there was input with Clark County having issues accessing food and funding for that going away. Increase would help ensure they had enough food and food boxes for next year.</li> <li>○ Can we meet in the middle for cost of living, select an amount for food/home-delivered meals, and rest in medical care?</li> <li>○ <b>Final Proposal</b> <ul style="list-style-type: none"> <li>▪ <b>3.25% COLA across the board</b></li> <li>▪ <b>\$3500 to food / home-delivered meals</b> (loss of CARES, no Part B, and that \$ will make an impact)</li> <li>▪ <b>\$55, 670 to medical care</b> (priority, no Part B, and significant reallocations last few years)</li> </ul> </li> </ul>
