OCCUPATION: Community Volunteer

OCCUPATIONAL BACKGROUND: Owner, Environmental Management Solutions

EDUCATIONAL BACKGROUND: MS, Massachusetts Institute of Technology; BS, Cornell University; Beaverton High School

PRIOR GOVERNMENTAL EXPERIENCE: Portland City Commissioner; Multnomah County Commissioner; PCC Board of Directors

I ask for your support to continue serving on the PCC Board because I cherish the role of our community colleges: a place where people from all nations, cultures, and walks of life come to seek a better life, opportunity, and happiness. As the grandson of immigrants, I believe it is more important than ever that PCC be a diverse and welcoming place for immigrants and refugees.

But that vision is threatened by harsh realities facing our students:

- Lack of affordable housing and homelessness
- Food insecurity
- Increasing tuition and other expenses

During 30 years of elected service on the PCC Board, at Multnomah County and the City of Portland, I have worked on these issues and have shown I understand the importance of balanced budgets, establishing policy, good labor relations, and listening to concerns of our students and residents.

My priorities include:

- Ensuring programs remain relevant and in demand by employers.
- Helping veterans transition their skills to the private or public sector.
- Expanding the number of students and scholarships for the Portland Teacher's Program, a joint program of PSU and PCC, to increase the number of minority teachers in our local schools.
- Creating a learning center in the Beaverton Town Center, convenient for neighbors, bus, and light rail commuters.
- Partnering with Meals-on-Wheels to provide services for food insecure students and their families.
- Ensuring every student has an equal shot at success, and that they complete their studies; that our workforce reflects our population; and that we provide procurement opportunities for minority and women-owned businesses.

I will also push for PCC to consider partnering with Portland or Metro to obtain bond funds to develop housing for struggling students, and to think creatively on developing vacant PCC land or surface parking lots into affordable housing.

I would appreciate your vote.
