Optional Information:

My family started in Portland Public Schools in 1942. My grandmother attended the Girls' Polytechnic School while her brother attended Benson Polytechnic. My great uncle was able to start his career out of high school. Both my sister and I were PPS graduates from Benson Polytechnic. I wish more schools in this country were like this exemplary model. My daughter is currently in fifth grade Spanish Immersion preparing to continue in middle school with PPS. I appreciate all the teachers, administrators and staff that have helped and supported her during her elementary years. Also, I am forever grateful to the amazing teachers that supported my educational aspirations during my time with PPS. I, in turn, would like to give back by being able to support the needs of current PPS students, teachers, administrators, and other staff in a truly equitable manner by serving on the PPS Board of Education. I strongly believe that better communication is key to this endeavor. I would like to begin to discover and work towards what Portlanders need to successfully fulfill their children's educational goals from pre-Kindergarten to the completion of high school. Every child deserves the same opportunity to succeed in public education. I would continue to encourage the use of the social justice lens that includes access, participation, human rights, and equity. Continuing extensive school building maintenance and remodel is also a priority.
